Reference: Jim Butler & Green Window & Door Inc.

I just wanted to take a moment to write a testimonial for Jim Butler and Green Window. Our experience with Jim has been great. Let me share a few points:

- *Firstly, the windows are phenomenal - beautiful and efficient - perfect in every way - we love them!!!*
- *Jim has been super to deal with - patient and understanding, as well as knowledgeable and efficient.*
- *Jim always went out of his way to make things work for us - whether it was flexible appointment times or just taking the time to talk us through the process when we weren't sure what to do.*
- *Jim made a point to thoroughly explain and discuss the windows with us and to help us choose what was right for us and our home.*
- *Jim provided us with all the consumer and product information we needed to get our home line of credit set up and to assist us with the negotiations.*
- *He came up with special solutions and ideas for dealing with our old Victorian stained glass windows and odd sized regular windows.*
- *We never felt pressured - just that we were important to him - and he wanted us to be completely satisfied.*
- *Jim even made a point of visiting during a period of illness - just to see if he could help in any way - who does that now-a-days?*
- *Jim also took the time to drop in and see how we were doing once the windows were installed - and - to correct any issues we might have had.*
- *I would not hesitate to recommend Jim to anyone looking to get their windows replaced.*
- *Jim will do everything in his power to make sure you get what you really want and what you really need.*
